

Past-President's Report 2022-2023

May 30, 2023

This has been a busy year and it has been wonderful working with Leyton, Sheryl and a very committed executive. As Past-President, I have had three main areas of activity this year: the CATE Working Conference, the WFATE Conference Organizing Committee, and coordinating the Graduate Student Recognition Awards.

CATE Working Conference

- Assisting Michele Jacobsen as Co-Editor of our CATE publication *Online Learning from Kindergarten to Graduate School* <http://dx.doi.org/10.11575/PRISM/40509>, published December 2022 with an online Book Launch February 6;
- Preparing the 2023 Working Conference Call for Proposals together with Leyton and securing a grant to hire a graduate student to assist with conference logistics and promotion. The theme for the 2023 Working Conference is **Research in Teacher Leadership in Canada: Transformative and Contextualized Agency**. The conference will be held October 12-14 at Brandon University, Manitoba. One-thousand-word chapter proposals are due July 15 and can be sent to Cathryn Smith (smithc@brandonu.ca). **Note the venue has been changed from Winnipeg to Brandon.**

WFATE

- Attending monthly meetings of the WFATE/CATE Conference Committee and assisting with the program sub-committee
- Attending WFATE Board meetings

CATE Theses and Dissertation Recognition Awards

- Reviewing submissions, communicating with applicants, arranging for their awards, and coordinating participation in the AGM and Poster Presentations session.

Respectfully submitted by Cathryn Smith
